

How to Get to Ithaca

GeoMIP 2024 Meeting

Contact: Ezra Brody, eb637@cornell.edu

You should fly into one of the following airports:

- **Ithaca Tompkins Airport (ITH)**
 - This is the most convenient option by far, but also usually the most expensive by far
 - ~10 minute drive to Cornell and nearby hotels. Rideshare apps such as Uber and Lyft are readily available.
- **Syracuse Hancock International Airport (SYR)**
 - Less convenient but less expensive than flying into ITH
 - ~1 hour drive from Ithaca. You can either:
 - Take a bus [OurBus](#) (~\$45 round trip, available 3-4 months in advance)
 - Rent a car
- **New York City Airports (JFK, EWR, LGA)**
 - This is the cheapest option, but leaves you 4-5 hours away from Ithaca. You can:
 - Rent a car and drive to Ithaca
 - Take a bus directly from the airport to Ithaca
 - Take a bus from midtown Manhattan or the George Washington bridge (more availability than from airports). To get from the airport to Manhattan:
 - JFK: Take the AirTrain to Jamaica station (\$5) then the E subway (\$2.90) or Long Island Railroad (\$5, or \$7 if peak time) to Manhattan
 - EWR: Take the NJ Transit to Penn Station (\$15.75)
 - LGA: Take the Q70 bus to Jamaica station (free), then the E subway (\$2.90) or Long Island Railroad (\$5, or \$7 if peak time) to Manhattan
 - For all airports, the easiest way to get to Manhattan, especially with luggage, is taxi/Uber/Lyft. This will cost ~\$75.
 - Websites that sell these bus tickets include [OurBus](#), [megabus](#), [flixbus](#) (~\$60-120 round trip) (available 3-4 months in advance)
 - There's also the [Cornell Campus-to-Campus Bus](#), which is the nicest and most expensive bus (\$190 round trip)
